

## Carolina

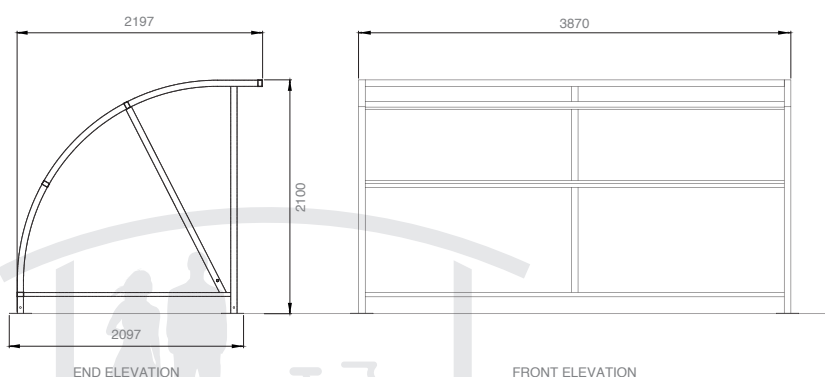

The Carolina is our most popular cycle shelter, its lightweight construction, modern design and versatility allows it to be the ideal shelter to suit almost every situation. The Carolina has an assortment of optional extras and yet remains the ideal low cost multi-purpose cycle shelter, sports shelter, or state of the art parent waiting shelter.

The standard Carolina module is 4m in length which can be increased to 5m without the need for additional support frames. As module units they can be multi-banked to achieve a desired length.

The Carolina can accommodate 10 cycles when used with a 5 hoop cycle racks. It can be supplied without end panels if required.

Carolina shelters are manufactured from structural grade mild steel. They can be supplied in various finish coating options and can be provided with accessories as listed below, (contents not included).
